New State-Wide Field of Membership

I am pleased to announce that your **M** was approved for state-wide field of membership by the Department of Insurance and Financial Services of the State of Michigan effective May 23, 2017. State-wide field of membership means that any person who lives, works, worships or attends school in the state of Michigan can join **M**.

After years of achieving excellent financial strength and security, our volunteer board of directors decided to apply for state-wide field of membership. As many financial institutions in our state continue to merge or close in our communities, Your **M** remains dedicated to sustaining membership and community value. Expanding our membership from specific counties in Michigan to the entire state, allows us to serve more members, and makes joining easier for members throughout our communities.

While this does not mean that we are planning to branch out far and wide across the state, it does mean that Your **M is here to stay and never more committed to serve you and your communities.**

Approval for changes in field of membership require the Department of Insurance and Financial Services to review a variety of credit union information, including historical financial performance and strength, as well as financial projections. Your **M** has a strong history of financial excellence thanks to the commitment of our volunteer board of directors, employees, and loyal members like you.
